STUDENTS' GYMKHANA ELECTIONS

Year 2019-20

Indian Institute of Technology, Guwahati

File Ref: IITG/SAC/GYM19/Elections/Agenda/

Agendas and Declaration Form

Post contesting for: UG Senator

Name: Akash Gupta

Nick Name: Aka

Tagline (Punch line): Do it with passion, or not at all.

Agendas:

1. Heading: Online Course Adjustment.

Domain: Academic

Proposal: For changing a course, we need to take approval of both the Course Instructors, the Faculty advisor which requires taking their signatures and then submit the form in the Academic affairs in person.

Possible Solution: Creating a portal in which the respective Course Instructors and Faculty advisors can verify it online and then forward it to Academic Section.

Plan of Action: After the approval of the proposal in Senate, I will coordinate with the SAB for the implementation of the same.

2. Heading: Cleaning of areas in the vicinity of the Mess and Coverage of drains.

Domain: Maintenance

Proposal: All of us have noticed the foul smell near the Brahmaputra and Dihing Hostel which is caused due to open drain lines near them. Also, the grasses in the vicinity of the mess are not trimmed properly which causes frequent incidents like spotting of insects in cooked food etc.

Possible Solution: Covering of all the drain lines inside the campus. Ensuring regular trimming of grasses near Mess area and proper cleanliness.

Plan of Action: Cutting of grasses and related cleanliness procedure along with the use of pest control once a month or as per requirement with special emphasis during Monsoon months.

3. Heading: Parallel Mentorship Programme involving faculties.

Domain: Welfare and SAB

Proposal: It is observed that the Department of Mechanical Engineering, through its unique way of assigning one Faculty Coordinator to every 3-4 students as a Mentor. This initiative has received highly encouraging and positive feedback from the Student's Community.

Possible Solution: Using this as a model, we want to replicate it further in all the departments by working upon the loopholes in this system.

Plan of Action: Collaborating with SAB which in turn will contact the faculties for the successful launch of this programme.

4. Heading: Installation of signal boosters to improve connectivity.

Domain: Technical Board

Proposal: There are large areas in the campus which have poor internet connectivity like hostels and Cores. There are areas of black spots having no connectivity due to which students suffer a lot.

Possible Solution: Getting these particular signal boosters will surely increase connectivity in black spots of the campus thereby making it easier for us to communicate and also facilitate online payments. Signal boosters do not cause much harm as compared to standard towers in terms of radiation. They are also cost effective and occupy much less space and easy to install.

Plan of Action: Either we can contact a particular operator to install their equipment or we can purchase the Multi-Operator signal boosters and then contract the work to different operators.

5. Heading: Collaboration with Online educational platforms to provide some key courses at discounted rates.

Domain: Welfare

Proposal: A large number of students take courses on these sites. Many people find it hard to afford these courses as sometimes, they are priced too high.

Possible solution: If we approach them at an Institute level, then we can provide the students accessibility to these resources at discounted rates or even for free.

Plan of Action: After the approval of the proposal in senate, I will contact these professionals through Students Affairs and work for the implementation of the same.

Follow-ups

1. Provision for students to recycle their used papers.
2. Online platform for students to share their Internship/Placements experiences.
3. Formation of a New Club for participants of Competitive Exams.
4. Provision of Specialists in Hospital like ENT, Dermatologist, etc.
5. Proper maintenance of washrooms in Food court.

Experiences (Credentials if any):

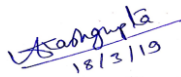

1. Mess Convenor, Siang Hostel (2018-present).
2. Organiser, Technothon, 2018.
3. City Representative (Kanpur), Technothon, 2018.
4. Member, MMC, Siang Hostel (2017-2018).
5. Active Member, Badminton Club.

Declaration by the candidate:

I hereby declare that the above information is to the best of my knowledge. I do not have any disciplinary probation by the Institute and will abide by the rules and regulations laid for Gymkhana Election. I do not have any active backlogs to be cleared.

I know that any false information in this nomination form will lead to cancellation of my nomination and disciplinary action.

Signature of candidate with date:

18/3/19

Signature of CEO
