Post contesting for: General secretary, Hostel affairs board

Name: Vikash Dahiya

Nick Name.:

Tagline (Punch line): Healthy mind stays in healthy body.

#### **Agendas:**

##### **1. Basic amenities check in hostels.**

**Proposal:** As you all know that to have growth in life a common person must have basic amenities like food, water, and cleanliness. So during your hostel stay these amenities will be on top priority in my agenda so that you will feel at home here.

##### **Plan of Action:**

- Drinking water: time to time checkup of installed ROs will be conducted by my team and a separate app will be available in which date of repair is mentioned. More ROs will be made available in hostel corridors.
- Food: separate team for food inspection will be constituted which will be responsible for food quality in mess as well as in canteens. The team must contain officer from food inspection department and some volunteer students preferably PhD from chemical, nanotechnology departments.
- Cleanliness / Mosquitos problem: regular inspection of toilets by coordinators of my team in each hostel. Grass cutting in nearby areas of hostels. Spray near the lakes.

## **2. Direct link of students with the maintenance department via maintenance helpline:**

**Proposal:** As you all are aware of problems faced by students' especially new ones during any fault in the room or in corridor lights or washing machine etc. Also washing machine maintenance is necessary as you know that it will reduce the burden of cost of installation.

**Plan of action:** I will generate a maintenance helpline which consist of contacts of various people like electrician, carpenter, plumber etc. so that you can contact them directly rather waiting for mails.

## **3. Heating problem of top floors during summer:**

**Proposal:** Frankly speaking the life of top floor students becomes hell during summers. A lot of heating of room occur and unable to sit in those rooms for a minute.

### **Plan of action:**

- *Cool roof* concept is very efficient and cost effective too. This consist of coating the roof tops with reflective paints, single ply membrane made of PVC, EPO, EPDM etc.
- Desert coolers will be in my agenda.

## **4. Stress busters (Festival celebration, entertainment focus and yoga classes):**

**Proposal:** In today's life stress is undoubtedly serious problem. This problem can be seen in any kind of student whether undergrad or postgrad. So my agenda will also going to cover this problem in hostels.

**Plan of action:** stress come from too much depression so the relief came from its counterpart like fun activities:

- Festival celebration on inter and intra hostel level.
- Movies, funny talks, yoga, meditation, etc.

## **5. Miscellaneous:**

- Installation of institute's photocopies machines in hotels so that no overcharge happens. We will go to appoint operators of machine. This will replace existing system of tendering of shops and hence beneficial on both institute and student part.
