# STUDENTS' GYMKHANA ELECTIONS
Year 2019-20
Indian Institute of Technology, Guwahati

File Ref: IITG/SAC/GYM19/Elections/Agenda/

Agendas and Declaration Form

Post contesting for: UG SENATOR

Name: VIKAS PATEL

Agendas :

Proposal 1: Subsidize/Introduction of six sigma courses by institute for undergraduates.

Domain: Academics/Career.

As an industry-agnostic methodology, Six Sigma techniques are applied in aerospace, electronics, telecom, banking and financial services, IT, HR, marketing, and many more industries. Being in huge demand by employers, currently this certification is taken by a number of students in our campus which cost 8500 INR (KPMG six sigma green belt). Others don't take up as it costs high.

Possible Solution/Plan of Action: Involvement of institute to subsidize course for the students. An alternate solution can be introduction of a six sigma course by institute professors along with other service providing company (KPMG, ASQ INDIA etc.). This eventually help in reducing the cost of course.

Proposal 2: Publishing course feedback and action/measures taken for improvement of every course.

Domain: Academics.

Although department being liable for course improvement, there is no accountability of action or measures taken up to improve quality of teaching and courses.

Possible Solution/Plan of Action: Scrapping the conventional method (paper based) of taking feedback, a portal based feedback system will be introduced. This system enables us to track overall feedback given by the class without losing one's anonymity. Also the corresponding action and measures taken up for improvement of the course will be displayed.

Proposal 3: Construction of a girl's toilet in every Boys hostel.

Domain: Gymkhana

As of now, there is no girl's toilet in some Boys hostels. A number of female students visit boys hostel daily. Also Parents/families visiting campus have to share boy's toilet.

Possible Solution/Plan of Action: new toilets specifically for girls shall be constructed in those hostel where there is space available for construction.in case of hostel where no space is available, one of the boy's toilet on ground floor can be converted to girl's toilet. Since ground floor are mostly occupied by first yearite (who has to change room after first year), it won't a permanent problem to them.

Proposal 4: Starting an adventure sports club inside campus.

Domain: Cultural

We have a large number of students in our community who are adventure sports enthusiast. Also many of go for such activities during midsem break.

Possible Solution/Plan of Action: Adventure sports club will be a forum for adventure enthusiasts, trekkers, and climbers in the student community. Activities such as Trekking, Mountain biking, cyclothon, wall climbing etc. will be part of this club. Club will encourage students to take adventure as a team sport and also gives them the opportunity to experience the thrill and excitement involved.

Proposal5: Increasing period (no. of days) for the books issued from central library.

Domain: Library.

Once a student issues books, he or she generally needs it for the entire semester. It is really hectic to carry loads of books to library for getting the reissued.

Possible Solution/Plan of Action: Increasing the period/no. of days for which the books are issued will be a viable solution to this problem. A portal based book reissuing system can be an alternate solution to take adventure as a team sport and also

Proposal6: Running a night mess/canteen in few of the hostel of campus.

Domain: Welfare board

Long nights and early mornings are very frequent around hostels in the campus. There is not a single canteen in the campus operating late night and early morning to cater the demand of id night snacks. Especially during the weekends or holidays, this demand increases.

Possible Solution/Plan of Action: Most of canteen owners don't wish to run night canteen because there is not enough profit generated. A possible solution this problem is to run only one at a time in one cluster of hostels. Eg. Umiam, Barak, kameng can have one night canteen operating at a time. Also owners of each hostel canteen can rotate their turn of operating each month. Similarly, other clusters of hostels will night canteens.

Proposal7: An institute run portal for better alumni connect.

Domain: Technical board

ALUMNI network is backbone of any institute for growth and development of its students. To make more informed choice related to our career, alumni can be a best source to get guidance from.

Possible Solution/Plan of Action: A web based platform will be introduced which will contain information such as area of work, field of research, current project he/she is working on, contact information etc. This database shall be updated with every passing batch

Experiences (Credentials if any):

- STUDENT DUPC REPRESENTATIVE.

- EVENTS HEAD-SPIC MACAY, CHAPTER OF IITG.

- WINNER OF TEACH FINANCE, KRITI 2017-18.

- ACTIVE MEMBER OF FINANCE ABD ECONOMICS CLUB.

- SELECTED AS SENATE FALICITATOR.

Declaration by the candidate:
