<u>Agendas and Declaration Form</u>

Post contesting for: PG senator

Name: Avinash Paul

Nick Name.: Paul

Tagline (Punch line): Yes we can

Agendas:

1. To represent the issues of students in general and PG students in particular:

Solution: Conduct regular meetings and bring up online platforms for taking up student issues and then bring them up in senate meetings.

2. Internships and mentorship for PG students:

The PG folks find problems in getting internships also, they have no proper guidance regarding how to build their profiles to apply for various profiles.

Solution: Bring it to the placement committee to give more internships to PG students also to convince faculties to allow the students take up different roles as intern. A mentorship programme can be made as in the lines of that for the B. Tech students to prepare them up for placements. Better alumni connect for PG folks which gives info regarding the know-how of the corporate world.

3. Low participation of PG students in fests and clubs:

Solution: create separate merit category for PG students in sports and fests which encourages them to take up competitions.

4. Problem of low number of washing machines and watercoolers in halls

Solution: Will vouch for more washing machine and water cooler units in each floor and ensure they are functioning properly with regular checks to ensure for the same. Also a maintenance chart fixed on each unit giving details of when it was last checked or repaired.

5. To extend the meal timings in all halls of residences:

Many hostel messes close at 9:30 in morning and at night, which creates problem for research scholars. Mess timings should me made uniform for all hostels.

Experiences (Credentials if any):

1. Volunteered for the student registration process for new Phds this semester.
